OUR DIVISIONS

Ascom Wireless Solutions

Wireless Solutions Division is the leading specialist in wireless on-site communication solutions for hospitals, elderly care, industry, retail, hotels and secure establishments.

Our product portfolio concentrates primarily on four application areas: voice services/telephony, professional messaging (data transmission), alarm systems and localization.

Ascom Network Testing

Network Testing Division leads the world in providing best-in-class solutions to measure, analyze, and optimize mobile networks. Our TEMS™ Portfolio offers a complete set of trusted solutions for drive testing, benchmarking, monitoring, and analyzing network performance. We are the industry leader, and our products are supplied to the world's top mobile operators, equipment vendors, and professional service providers.
