

ASCOM QUALITY POLICY

Being an Ascom employee means understanding our Quality Policy and applying it in your area of responsibility.

We are committed to provide solutions with product and services that consistently fulfill the needs of our users and customers, as well as all applicable safety and regulatory requirements.

To achieve this, we are committed to maintain an effective quality management system and continually improve it. We have quality objectives at appropriate levels of the organization, and we monitor and review them.

The global Quality Manual defines specific responsibilities for the quality management system and its processes.

Our Quality goals

- Comply with all applicable legal and regulatory requirements
- Implement continuous improvement opportunities systematically with Plan-Do-Check-Act, including risk assessment
- Determine ownership and communicate responsibilities to employees
- Set and review objectives across the Ascom businesses
- Monitor results and maintain a sustainable Corrective and Preventive Action system
- Ensure awareness and invest continuously in competence of our employee
