

The Ascom Center of Excellence

Optimizing Your Workflows For Better Outcomes

Our Ascom Center Of Excellence (ACE) allows you to see in action frequent component solutions that span the continuum from the bedside to the “last mile” of communication and information accessibility. When you come to ACE, you’ll meet with members of our sales and engineering, clinical, and professional services teams to collaborate, design, and optimize the workflow solutions that work best for your facility and within your budget.

Through hands on demonstrations see how Ascom solutions connect with some of the most common medical devices for smart alerting and alarming as well as clinical decision support capabilities that enable predictive analytics, such as Early Warning Scoring.

Discover near real time solutions to the most common issues nurses face daily.

- Care Coordination
- Clinical Decision Support
- Clinical Monitoring And Alarm Management
- Response Teams' Management
- Smart Nurse Call
- Workplace And Staff Safety

Discovery

ROI Report

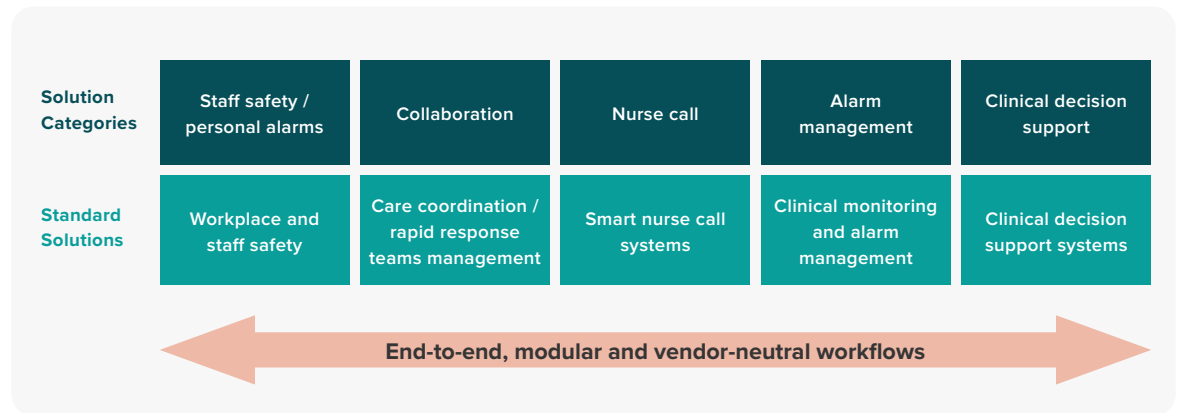

You leave with a written report that demonstrates clear paths to lowering costs and optimizing workflows.

Ascom Healthcare Solutions

Ascom is the only vendor neutral provider that can deliver the complete end-to-end clinical and collaboration workflow through the Ascom Healthcare Platform.

You'll also gain insight on how Ascom services can help you maintain your technology for optimal performance. And you'll see how Ascom can track and analyze the success of your workflows to help you advance them as your organization and needs change. Leave with an ROI analysis of how your technology investment will generate the results you're looking most to achieve.

Ready To Take The Next Step?

No one solution fits all - that's why a visit to the ACE can help pinpoint exactly what meets your needs while delivering a one-on-one custom experience, whether it's for clinicians, administrators or IT professionals. Regardless if you come visit the ACE or we bring the ACE to you virtually, customers who invest the time in a demonstration of Ascom's capabilities report greater satisfaction and results with their technology investment.
