Ascom delivers alarm management solutions for CSL Behring's new production site

Biotechnology firm CSL Behring selected Ascom to provide alarm management solutions for its new production site in Lengnau, canton Berne. More than 300 employees will benefit from the new communications and alarm solutions.

This high six-figure contract in Swiss francs includes delivery of IP-DECT and alarm management solutions as well as services. To guarantee the safety of CSL Behring employees, Ascom will ensure coarse location technology at the production facility and fine location technology in cold-storage rooms. Numerous pre-defined alarm processes will also be implemented, which will ensure quick location tracking in the event of an emergency.

The Ascom installations are scheduled for implementation by the end of 2018. CSL Behring's new production site in Lengnau, canton Berne, is set for completion in five years and will have capacity for more than 300 employees. CSL Behring is an existing customer, and this latest order for Ascom's reliable solutions reaffirms its commitment to Ascom.

"The new order from CSL Bering is further proof of the growing demand for our high-quality offerings, which are essential in the area of mission-critical communication thanks to their reliability. Ascom will continue to provide communication solutions and services in the industrial sector that meet the high demands of our discerning customers," says Stephan Wettstein, Head of Sales, Ascom DACH Region.

ABOUT ASCOM
