Ascom will be the project partner in delivering IP-DECT communication and alarm solutions to numerous hospitals and senior centers and in providing comprehensive technical support and service.

The IP-DECT communication and alarm solutions are scalable, improve the efficiency of mobile workflows of clinical staff and increase safety in the nursing and care area through reliable alarm systems. Thanks to a simple system architecture, the focus is on the greatest possible flexibility, which meets the high demands of the customer.

Valerio Signorelli, Managing Director of Ascom DACH, says: “We are very much looking forward to this long-term and cooperative partnership. Ascom’s solutions optimally support the high requirements of the customer for the group-wide roll-out. We are delighted about this achievement and proud of our contribution to the support of nursing and care staff of many hospitals and senior facilities in their daily work processes.”

About Ascom

Ascom is a global solutions provider focused on healthcare ICT and mobile workflow solutions. The vision of Ascom is to close digital information gaps allowing for the best possible decisions – anytime and anywhere.
